Implementation of DCMA Business Rule Changes Update

Margie Tyner

WR-ALC/PKPB

Dec 2003

DCMA BUSINESS RULE CHANGES

Effective 1 Oct 2003: No Government source

Inspection on contracts under $250K ***unless***

approved by the PCO ***and*** there are

significant technical requirements ***and*** critical

product features have been identified ***and*** the

contract is awarded to OEM/producer

DCMA Business Rule Changes Implementation

- **Changes to DFARS Part 246 forthcoming**
- **IPT formed (EN & PK co-leads) DCMA Liaison, Reps from Item Management, Equipment Specialist, Quality Assurance, and Production Management communities.**
- **New Robins AFB Operating Instructions (OI) in final draft form**

DCMA Business Rule Changes Implementation

- Formal training forthcoming for all who have involvement with the AFMC 807 (LG will take the lead)

- Interim Guidance is in place
  - **Coordinated PK/EN message, 23 Sep 03**

DCMA Business Rule Changes

Buyer/PCO Role

- **Accurate criticality designator coding is extremely *IMPORTANT* (Refer to FAR 42.1105)**
  - **<u>Criteria for A:</u> Critical contracts, including DX-rated contracts, contracts citing unusual and compelling urgency (FAR 6.302-2), and contracts for major systems.**
  - **<u>Criteria for B:</u> Contracts (other than those designated "A") for items needed to maintain a Government or contractor production or repair line, to preclude out-of-stock conditions or to meet user needs for nonstock items.**

DCMA Business Rule Changes
PCO/Buyer Role (cont'd)

- **Criteria for CO: All contracts other than those designated "A" or "B"**

- **Adhere to the AFMC Form 807 requirements**

DCMA Business Rule Changes

- WHO WILL SIGN THE DD 250 FORM WHEN ACCEPTANCE IS AT DESTINATION?

  - **Currently being worked by HQs AFMC. LG will take the lead since they are the POC for the Wide Area Workflow scheduled for implementation at WR-ALC Mar 2004.**
